Once an ESCIMS Digitally signed document is Validated, any subsequent documents with digital signatures from ESCIMS will be validated automatically when opened.

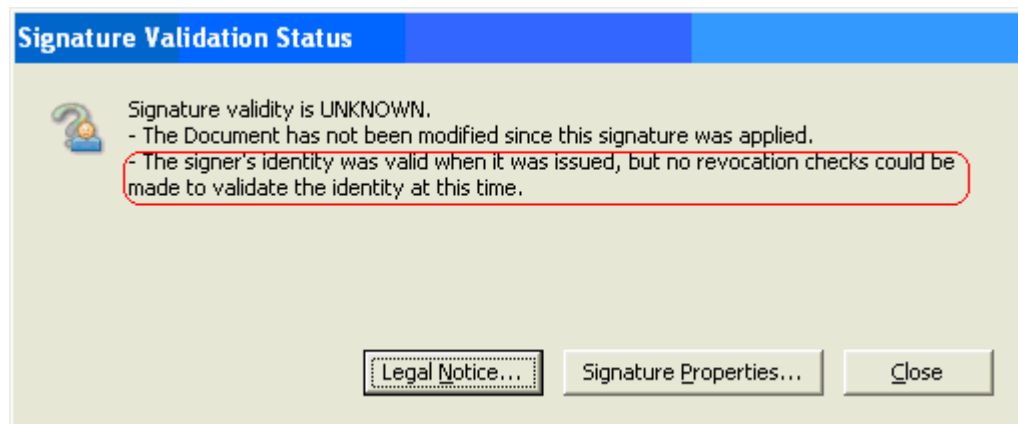

Note:

Follow the below steps even if the signature is not validated after performing the above procedures:

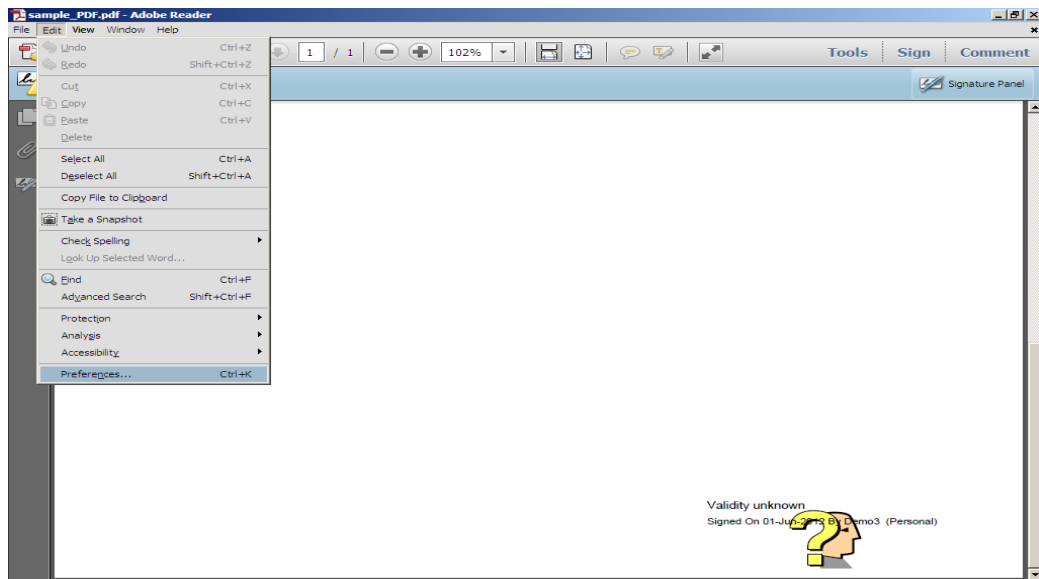

1. Verify the PDF signature again. Click the signature and check if the following message is displayed.

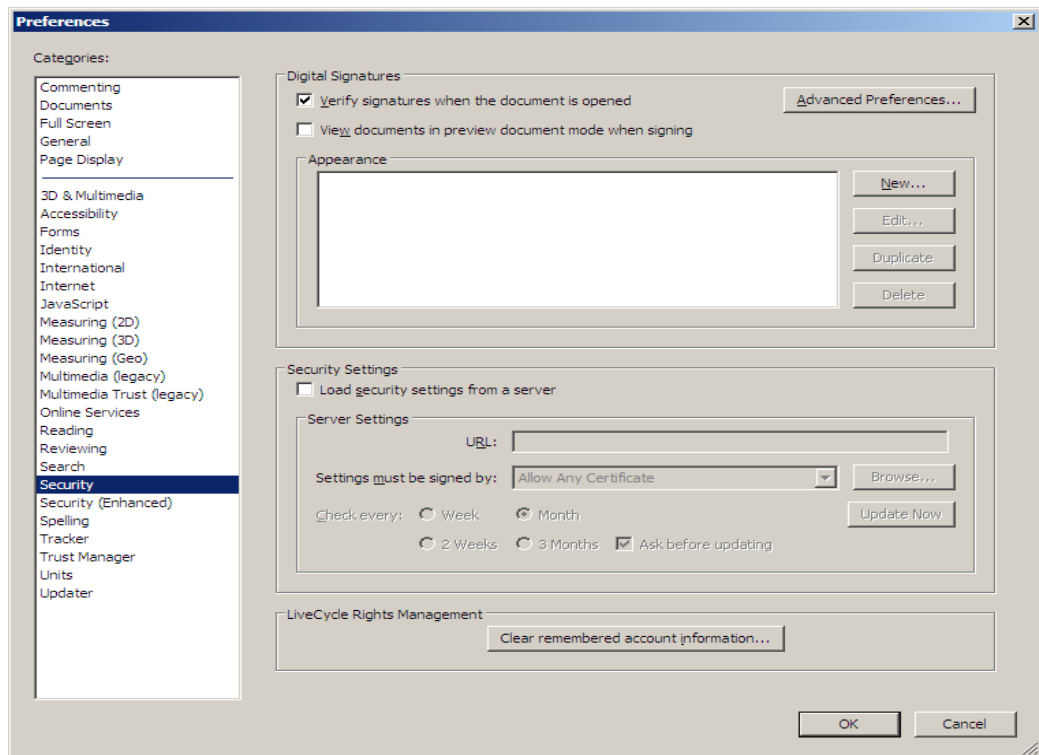

“The signer’s identity was valid when it was issued, but no revocation checks could be made to validate the identity at this time.”

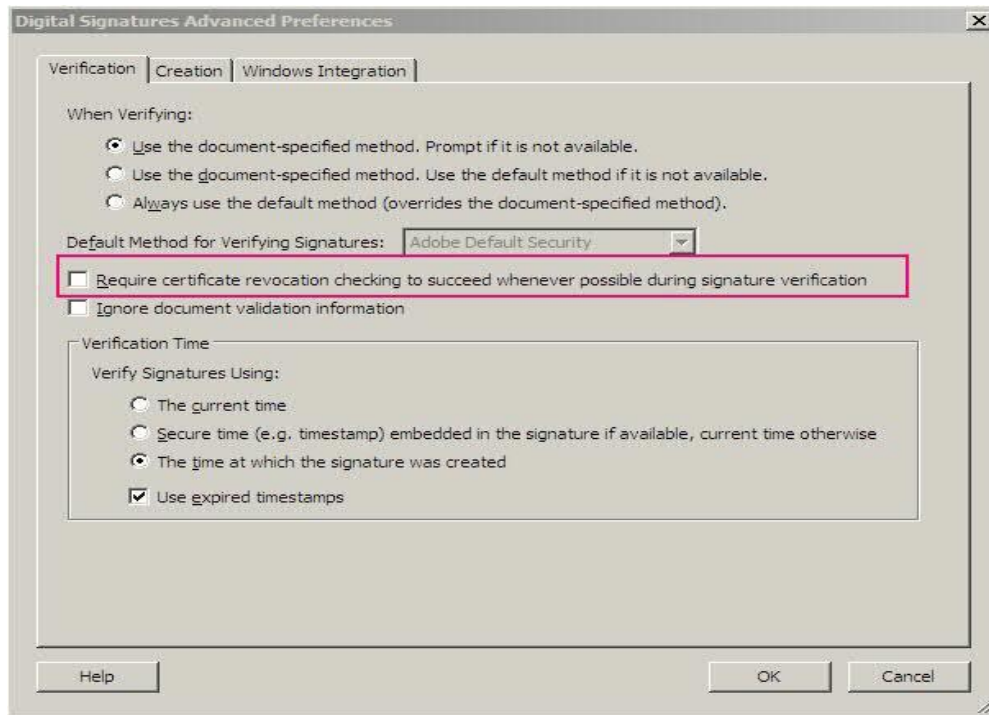

2. To remove the revocation check option, click Edit Preferences

3. Select 'Security' in the left pane. Click the 'Advanced Preferences...' button.

4. Uncheck the checkbox corresponding to the revocation check as shown below and click 'OK' and save the settings

5. Validate the signature by clicking the signature field again.
